NETWORKS AND MEMBERSHIPS

3 MAR 2020 – CURRENT Marsaskala

Youths Marsaskala

I form part of Youths Marsaskala which is a catholic group which organises multiple activities.

I had the opportunity to visit the Taize community in France where I had the chance to work as a volunteer with other youths from different countries. My role included cleaning and distributing food to the other members which at the time were living in said community. I also had the opportunity to participate in different workshops which involved multiple skills such as team work and communication.

I am also one of the leaders for the youth group "Roots" which form part of Youths Marsaskala. This group consists of youths from ages 14 to 16.
