

JAMES DARMANIN

Hip-Hop/Commercial Dancer

About Me

Dance has been a part of my life for more then 10 years, and it continues to be one of my greatest passions. I love expressing myself through movement and music, and I enjoy the creativity, energy, and emotion that dance brings. I am always eager to challenge myself, explore new opportunities, and grow both as a dancer and as a performer. I approach every experience with dedication, enthusiasm, and an open mind, and I am excited to step outside my comfort zone, share my passion, and bring my own personality to every performance.
